## 7<sup>th</sup> AEARU Student Physical Competition

June 15-17, 2018  
 Seoul National University, Korea

### Overview

- Title: 7<sup>th</sup> AEARU Student Physical Competition
- Date: June 15 – 17, 2018
- Location: Seoul National University, Gwanak Campus
- Organized by: Seoul National University, Office of International Affairs
- Language: English

### Purpose

South Korea has a blessed topography, 75% of its landscape being mountainous. Our main campus in Gwanak is also surrounded by a mountain scape, the Gwanak Mountain. At 629 meters in height, Gwanak Mountain surrounds along and around our university providing a unique view. With thousands of trees blanketing the mountain, our campus is particularly famous in autumn attracting many locals and visitors to our campus. We would like to invite AEARU students to our Gwanak campus to experience the view of the city of Seoul from atop the campus hill and the Gwanak Mountain.

The main event will be mountain hiking, where students will reach up to the Yeonjuam Temple, a Buddhist temple and an observatory tower. This environment while hiking will expose participants to situations where they will need to overcome obstacles together along the trail and naturally setup opportunities to learn about the importance of teamwork. Therefore we would like to invite students who hopes to meet and bond with new people while overlooking the wonderful landscape

### Venues

Seoul National University, Gwanak Campus, Seoul, Korea
