AEARU 2012 Flagship Symposium

Venue: College of Medicine, Yon-gun Campus, Seoul National University
   Faculty Conference Room #1, Administrative Building

Date of Activity: November 3, 2012 14:00-

Theme: Innovative Partnerships for Leading Biomedical Research in East Asia

Purpose of Activity:
This symposium is intended to initiate discussions on
(1) Discovering topics regarding East Asian collaborative biomedical research,
(2) Establishing relationships and networks related to those topics, and
(3) Maintaining a system for sustainable partnerships.

Participants of AEARU Members:
Deans and Associate Deans of medical college, or schools related to biomedical sciences

1. Prof. Xiang GAO :
   Director
   Model Animal Research Center
   Medical School of Nanjing University

2. Prof. Masatoshi HAGIWARA :
   Department of Molecular and Cellular Biology
   Institute for Frontier Medical Sciences
   Graduate School of Medicine Kyoto University

3. Prof. Yasunori KANAHO :
   Provost
   Department of Physiological Chemistry
   Faculty of Medicine and Graduate School of Comprehensive Human Sciences
   University of Tsukuba

4. Prof. Mineo KUROKAWA :
   Adviser to the President
   Department of Hematology and Oncology
   Graduate School of Medicine University of Tokyo

5. Prof. Tsai-kun LI :
   Associate Dean
   Office of International Affairs
   Department of Microbiology
   College of Medicine, National Taiwan University

6. Prof. Nagahiro MINATO :
   Dean
   Department of Immunology and Cell Biology
   Graduate School of Medicine Kyoto University

Schedule with the Title of the Presentation:

13:30-14:00   Reception

14:00-14:20   Welcome address and Keynote speech
   Prof. Daehee KANG, SNU College of Medicine
14:20-15:40  Session Ⅰ: Overview of research activities

“Integration of Asian mouse resource and Phenotyping into IMPC and its Biomedical research application”
Prof. Xiang GAO, Medical School of Nanjing University

“Overview of biomedical research activities in The University of Tokyo”
Prof. Mineo KUROKAWA, Graduate School of Medicine University of Tokyo

“Biomedical Sciences in Taiwan - Development and Prospective”
Prof. Tsai-kun LI, College of Medicine, National Taiwan University

“Introduction of University of Tsukuba - International Collaborative Research and Education –”
Prof. Yasunori KANAHO, Faculty of Medicine and Graduate School of Comprehensive Human Sciences
University of Tsukuba

15:40-16:10  Photograph Session
(Venue: 1st Floor, Outside of Administration Building)

16:10-16:50  Session Ⅱ: Overview of research activities

“Challenge of Kyoto University Graduate School of Medicine for Open-Innovation Biomedical Research and Development”
Prof. Nagahiro MINATO, Graduate School of Medicine
Kyoto University

“Biomedical research activities in Seoul National University College of Medicine”
Prof. Sung-Joon KIM, SNU College of Medicine

16:50-17:40  Discussion:  Research collaboration and partnership

17:40-    Move to the Shilla Hotel

18:15-    Dinner (Venue: 23rd Floor, Pine)
