## *Symposium Neuroproteins and Cytokines*

*Prof Jongkyeong CHUNG*

Korea Advanced Institute of Science and Technology

Post-translational regulation of STATs by cytokines and growth factors

*Prof Jung-Yaw LIN*

Taiwan University

The structure and function of immunomodulatory proteins

*Dr Nancy Y Y IP*

Hong Kong University of Science and Technology

The neurotrophins and neurotrophic cytokines: Two families of growth factors acting on neural and hematopoietic cells

*Prof. Ken-ichi ARAI*

University of Tokyo

Regulations of Cytokine genes & signal transduction by their receptors

Immunochemistry and Neurobiology

Plant Biotechnology

## *Workshops*

Protein Design and Engineering

Industrial Biotechnology

**Task Force Convenor** Prof Leroy CHANG

**Workshop Coordinator** Prof Jerry WANG

**Participants**

Faculty members of AEARU member institutions

**Member Institutions**

- ♦ *Fudan University*
- ♦ *Hong Kong University of Science and Technology*
- ♦ *Korea Advanced Institute of Science and Technology*
- ♦ *Kyoto University*
- ♦ *Nanjing University*
- ♦ *Osaka University*
- ♦ *Peking University*
- ♦ *Pohang University of Science and Technology*
- ♦ *Seoul National University*
- ♦ *Taiwan University*
- ♦ *Tokyo Institute of Technology*
- ♦ *Tsing Hua University, Hsinchu*
- ♦ *Tsinghua University, Beijing*
- ♦ *University of Science and Technology of China*
- ♦ *University of Tokyo*
- ♦ *University of Tsukuba*
